Venture Architects

John addressed a single-point entrance considering the first, third and fourth floor entrances. John suggested creating a temporary single-point, secured entrance to find out what works and what doesn't before designing anything permanent. The first and Third floor entrances present challenges with ADA compliance.

Lyndsey arrived at 10:23 am.

The committee toured the fourth floor entrance from 10:25 am to 10:37 am to see if this was a viable solution for a single-point entrance. There were concerns with additional noise near the door for Branch I.

John Cain left the meeting.
